

Polka Dot Powerhouse is Sisterhood! It's professional/business growth, personal development and community engagement all rolled into one. It's meeting you where you are at and helping you to move forward. It's knowing you have a tribe that has your back in whatever goals or dreams you may have, and no dream or goal is too big or too silly! So it's whatever YOU want to make it, because we all know what you put into something is directly equal to what you get out of it.

**Wendi Giuliano, Regional Director, Regions 3,4,7,8,9,10**

It's about WOMEN developing and helping each other fully, not just their business, but as women developing personal relationships. It's about high standards and firm boundaries, and at the same time, it's about acceptance and support. Having an army of lifelong friends saying, "You've got this!" while they help you reach whatever goal lives in your heart.

**Mindy VanVleet, Regional Director, Regions 1, 2, 5 6, 11**

COMPANY

I felt a calling to connect the women that I was meeting throughout my personal and professional life. Each woman had something special to share or offer, and I would constantly think of another woman she should connect with. By starting a chapter, I was able to create a space to bring all of these amazing women - from all walks of life, backgrounds, skill sets, ages, and races - together for the greater good of our community. Being connected to women who want to help each other grow and support each other in all ways fills my cup!

**Whitney Fields, Austin, TX, Managing Director**

## OUR HISTORY

Polka Dot Powerhouse was founded in 2012 in Chippewa Falls, Wisconsin. The name came to founder Shannon Crotty from her sister, Tina, who had passed away. Each new member that joins us is thought to be a sister sent directly from Tina. Our mission is to connect women in a positive manner to collaborate and celebrate each other while growing themselves personally and professionally.

What began with one local chapter and six women, quickly grew to multiple regional chapters. Within the first five years, the company was over 2,000 members and 55 chapters nationwide, with the first international chapter in Canada launching in June of 2017. We are continuing to see rapid growth and demand as we understand that women are looking for more ways to connect with one another and grow personally and professionally at the same time.

“Being able to build a community of like-minded women has helped me to grow tremendously both personally and professionally.”

## Why POLKA DOT POWERHOUSE

We are different.

Polka Dot Powerhouse believes in inclusion. This means that new DOT Sisters can join us even if they are within the same professional industry or direct sales company. Our members also have the opportunity to visit ANY chapter across the globe as long as they are in active status. We are a non-exclusivity company that strongly believes in an abundance mentality. There truly is room for everyone!

Together we drive momentum, learn from and support one another, create friendships, and gain business allies. Every DOT is unique and brilliant in her own way. As a community, we share collective knowledge, understanding, and awareness, and when we surround ourselves with the most incredible women in the world, our business and lives change exponentially.

## Join Us!

Immerse yourself in an expansive, rapidly-growing, closely connected family of extraordinary professional women from around the globe. Our Polka DOT Sisterhood brings together women from all walks of life; age, race, background, location, and industry.

## BECOME A LEADER WITH POLKA DOT POWERHOUSE

If you are a positive, connected, self-starter, the Managing Director opportunity is waiting for you! Our leaders are driven, strong communicators who see the big picture of our sisterhood and know the value of a team.

As chapter leaders, Managing Directors are the pulse of our company's growth. They create an amazing path of participation, connection, and growth for the Polka Dot Powerhouse membership experience.

Each Managing Director leads monthly chapter meetings, social events, and cultivates the sisterhood in their local area.

### Benefits of becoming a MANAGING DIRECTOR

- *Independent contractor paid commission based on chapter membership*
- *Awards recognition*
- *Incentive trip eligibility*
- *Advancement opportunities*
